

Week 11 Meeting Minutes 5.14

Location: Online via Zoom

Date & Time: 14/05/2024 8:00 - 10:00 pm

Chair: Zihan Peng

Minutes Taker: Zihan Peng

Attendees: Zihan, Zhenhao, Yuchen, Renjun

Absentees: None

Agenda Items

1. Iteration 2 Summary

The team reviewed the results of Iteration 2.

Results: Iteration 2 is basically completed, but there are certain problems with some functions, such as missing functions and buttons on some pages.

2. Planning iteration 3

The team discussed plans for Iteration 3.

Goal: Further modifications to the project file framework to make it easier to maintain and prevent malicious attacks. Test, review and fix all page issues. Add css to make the page layout suitable for mobile device sizes such as mobile phones. Add javascript and use api to obtain resources to meet ajax requirements.

3. Task allocation

Team members were assigned specific tasks for Iteration 3.

Zhenhao: Further modifications to the project file framework.

Zihan & Renjun: Add css to make the page layout suitable for mobile devices.

Yuchen: Add javascript and use api to obtain resources to meet ajax requirements.

Each member starts their assigned task immediately and reports on progress at the next meeting.

Additional Information:

The chairperson and minutes taker for next team meeting will be Zihan

Reminder:

All members agree to move forward according to the established iteration plan. And complete their assigned tasks before the next meeting.
